

Dear Resident,

As part of the Section 278 works for the Bloor Homes development on Barbrook Lane, we will be closing a small section of road. The Junction of Grove Road and Barbrook Lane will be closed from 13th February to the 2nd April.

The works will include the installation of new drainage kerbing, plus a new speed hump traffic calming measure on the junction.

During the closure pedestrian access will be maintained on any footways present.

We will endeavour to keep disturbance to a minimum, however, I apologise in advance for any inconvenience that may be caused.

Yours Faithfully

Stefan Ambrose
